

Export Control Review Form: International Shipping

INSTRUCTIONS: Shipper should complete this form for all international shipments leaving the United States (including hand-carried items taken on travel). Please complete the form electronically. Once complete, please email to exportcontrols@tamu.edu. We will review the shipment for export controls compliance and return our determination to you.

NOTE: This form is to be used only for Texas A&M University items/projects. If the shipment is related to property or projects for another system member, please work with the respective export control office for review.

Department:
