Protocol Expectations: Focus on Funding Get your research on the road!

Your research
involves animals
and you've been
awarded funding
– now what?

*To get your funding moving, it must be listed on
an approved animal use protocol (AUP).*

*Maestro projects are identified by an M followed by a 7 digit number (ex. M1234567).

The Animal Welfare Office confirms IACUC approval in Maestro for grants and contracts, allowing animal expenditures by the PI. If the grant or contract and its animal activities are not listed in an approved AUP, please submit a new AUP or add the funding to an existing AUP via amendment. Reach out to the Animal Welfare Office for assistance!
